## K-Sail is gearing up for a new season and looking for more volunteers!

Our next crew is from Gulfstream Middle School, and we are looking forward to working with the kids and counselors during the month of October.

We are always looking for individuals who might be interested in donating time helping with boat upkeep, mentoring kids, or providing lunch for the kids and volunteers.

Anyone interested in volunteering can reach the K-Sail coordinator at (954) 328-1282 or through our website [www.k-sail.org](http://www.k-sail.org). To keep up with everything going on with K-Sail like us on Facebook!

K-Sail is a four weekend program for kids ages 10-14 to learn the basics of water safety, boating, sailing and marine ecology. More importantly the program helps kids develop lifelong skills including planning, training, teamwork, problem solving, trust building and respect for self, others and the environment

**Thanks again to Marina Bay and their generous support of K-Sail! ❖**

## ACE Recreational Marine Insurance's Top Ten Recreational Boating Safety Tips for 2015

1. Always wear a life jacket and insist that your crew and guests do the same.
2. Never drink alcohol while boating.
3. Take a boating safety course.
4. Stay in control by taking charge of your safety and that of your passengers.
5. Put down that cellphone and stay alert.
6. Operate at a safe speed, and understand and obey boating safety recommendations and navigational rules.
7. Check the weather forecast.
8. Register for a free MMSI (Maritime Mobile Service Identity) Number, and have a VHF radio equipped with Digital Selective Calling (DSC).
9. Use a carbon monoxide (CO) detector. CO can harm and even kill you inside or on the deck of your boat.

The Numarine 78 Flybridge M/Y Still Water

Performance powerboat manufacturer Numarine said its Numarine 78 Flybridge M/Y *Still Water* became the first U.S.-flagged yacht to cruise to Cuba since the trade embargo began in the 1960s.

*Still Water* was docked in Marina Hemingway near Havana last week after bringing 12 American guests and three crewmembers to the island nation from Key West, Fla. The voyage took about four hours. Passengers and crew entered the country on a "person-to-person permit."

Numarine said it took seven months to obtain legal approval for *Still Water's* departure to Cuba. ❖
